

372XPG

A true professional saw in the larger mid-size class, built for very demanding applications. The crankcase and crankshaft are extra heavy-duty and the carburettor has vibration damping in order to handle high speeds and high loads. The saw combines low weight, high power and rapid acceleration with flexible operation. The XPG model has both heated handles and carburettor.

Air Injection

Centrifugal air cleaning system for longer intervals between filter cleans, smoother operation and reduced wear.

The two mass principle

Vibration dampening system with the handles isolated from the engine by steel springs.

Quick chain adjustments

Side-mounted chain tensioner makes chain adjustment quick and easy.

Transparent fuel tank

Transparent fuel tank shows when it's time to refuel.

Easy detachable

The filter cover is easily detachable without tools.

Smart Start

Smart Start.
Decompression valve for very easy starting.

Technical data

Engine

Cylinder displacement	4.3 cu.inch / 70.7 cm ³
Maximum recommended engine speed	13 500 rpm
Fuel tank volume	1.62 US pint / 0.77l
Oil tank volume	0.84 US pint / 0.40l
Oil pump type	adjustable flow

Cutting equipment

Chain pitch	3/8"
Recommended bar length	15-28" / 38-70 cm

Ergonomics

Sound level	103 dB(A)
Noise emissions, L _{noy, A}	115 dB(A)
Vibrations, front/rear handle	3.1 m/s ² / 4.6 m/s ²

Overall dimensions

Weight without cutting equipment	13.8 lbs / 6.3 kg
----------------------------------	-------------------

Advantages

- The electrical carburettor heating ensures reliable starting and operating in cold conditions.
- Rubber suspension reduces vibrations in the carburettor, which provides smoother operation and longer product life.
- Air filter with bayonet fitting makes the filter easy to remove for cleaning.
- Advanced engine technology with high power, low weight and rapid acceleration for maximum performance.
- Forged three-piece crankshaft for maximum durability for the toughest applications.
- The slim body, high center of gravity and flat underside make our saws easy to work with.
- Eco-pump that stops the lubrication when idling.
- Adjustable oil pump makes it easy to set the chain lubrication according to your needs.
- Distinct and coloured felling marks for better felling precision.
- Angled front handle for better grip and natural working position.
- Double acting chain brake, right hand guard and chain catcher make the saw safer to use.
